Wait! We
need a title! ...
↓ NO worries,
We're all set.

And a letter from the editors...

Hi everyone!

Congrats for actually reading the editor's note - not many people make it this far. Before we write anything more, here's the obligatory sentimental spiel:

To the class of 2014, it's been a great four years! All of the memories, the great times, the bad times, and everything in between. From our first days as freshmen to our last days as seniors, we are the 1's you will never 4get. On behalf of the entire yearbook staff, we are proud to present the 2013-2014 yearbook!

RACHEL, STOP!!! I can't handle the sentimentality. But it HAS been a great experience. True... I'll always remember our 2-hour Monday afternoons working on yearbook. It wasn't always two hours - sometimes it was three! Yeah, about that... BUT in all seriousness, it has been an awesome 4 years. Congrats to the class of 2014 - we've finally made it! And to the classes of 2015, 2016, and 2017: Good luck and enjoy the new building!

Sincerely,
Rachel
& Sharon

AND A MESSAGE FROM THE YEARBOOK SENIORS...

Thank you to everyone in yearbook who helped make this book possible, especially to both Sharon and Rachel who have worked endlessly in organizing the yearbook club (and in nagging me to finish my pages...)

Jeneane: I like to bargain shop and find things that make me stand out from the crowd.

Bonnie: I don't really read fashion magazines or keep up with any of that. I just buy things I like and try to combine them in ways people haven't.

Hannah: I've always been deeply inspired by these words spoken by Mark Twain: "Clothes make the man. Naked people have little or no influence on society."

Tyler: My style is unconventional I guess, but it's a little bit of everything.

Will Skinner

We honor our senior, Will Skinner
Who's generally been more saint than sinner
His schedule is busy
Just where the hell is he?
At least we know he will turn up for dinner

If there are tunes to be played, he will blow them
Or disks to be spun, he will throw them
When it comes to the news
He's not shy with his views
If he has opinions, rest assured you will know them

His jokes, though cheesy, are a token
Of his love for all words, sung or spoken
He's really quite clever
Though he goes on forever
Dude can talk like a record that's broken

Will's a believer and seldom a doubter
And what he believes, he'll often say louder
He's no slave to fashions
Always true to his passions
And his family couldn't be prouder

Congratulations, Will

And Remember:

"It's no accident, I think, that tennis uses the language of life. Advantage, service, fault, break, love, the basic elements of tennis are those of everyday existence, because every match is a life in miniature. Even the structure of tennis, the way the pieces fit inside one another like Russian nesting dolls, mimics the structure of our days. Points become games become sets become tournaments, and it's all so tightly connected that any point can become the turning point. It reminds me of the ways seconds become minutes become hours, and any hour can be our finest. It's our choice."

And because we had this extra quarter-page, here are some inspirational quotes to fill up the awkward space:

SPACE STORIES

NOT ALL THE ACTION TOOK PLACE ON EARTH

NASA launched MAVEN (Mars Atmosphere and Volatile EvolutionN) in November to find out why the planet lost its life-friendly environment while a Mars surface rover discovered vast deposits of water trapped in ice caps which are two miles thick on the poles. Traveling at 27,000 mph with a diameter of three football fields, an asteroid missed Earth by two million miles. The Hubble telescope spotted an azure blue planet 63 light years from Earth where it rains liquid glass. In an effort to protect artifacts left by Apollo missions, two members of Congress proposed a national park on the moon.

HAWAIIAN WAVES The north shore of Oahu saw 40- to 50-foot waves in January, the largest since 2004. Though the waves presented the perfect challenge for the big wave surf contest, it had to be postponed because of the 40 mph winds. **TYPHOON HAIYAN** More than 6,000 people in the Philippines died as a result of November's unofficially strongest typhoon ever recorded. With winds up to 195 mph, the storm affected 13 million people and caused an estimated \$1.5 billion in damages across the Philippines, Vietnam and Laos. **VOLCANO IN ECUADOR** Tungurahua was expected to erupt in July but no one anticipated gas, stones and ash shooting 45,000 feet into the air, visible from 90 miles away. **TORONTO FLOODING** Nearly five

inches of summer rain fell on Ontario in two hours, disrupting the subway, stranding motorists and causing power outages. **YARNELL HILL FIRE** A lightning strike in late June caused the Arizona fire. Strong winds and a long-term drought pushed the flames, which overran and killed 19 elite firefighters. It took nearly two weeks to contain the fire which burned 8,400 acres and destroyed 129 structures. **SNOW IN EGYPT** In December, up to three feet of snow fell for the first time in 112 years in an area which averages less than one inch of rain per year. **MIDWEST TORNADOES** Tornadoes tore across Midwest states in November, killing six people in Illinois and injuring 200. In all, 12 states felt the effects of the storms and more than 600,000 lost power.

POLAR VORTEX

LIKE A POLAR CYCLONE, THIS WEATHER PATTERN DIPPED SOUTH OUT OF CANADA EARLY IN JANUARY, BRINGING RECORD LOWS.

Normally this great swirling pool of extremely cold air stays over Canada, but in 2014 it came south, plunging temperatures into the teens as far south as Dallas and breaking records in 49 locations on one day. January 6 saw 26 states under wind chill advisories and watches which closed schools across the Midwest and East Coast. For the first time in decades, the Great Lakes were almost completely frozen with only 12 percent open water. After a brief respite, temperatures took a dive later in the month and several inches of snow across Alabama and Georgia brought major cities like Atlanta to a standstill. The extreme weather created problems beyond the United States as unusual cold and snow stretched across Europe. Record snowfall in Japan killed 19 people in February.

NEW SPECIES FOUND

CUTE RACCOON RELATIVE DISCOVERED IN THE AMAZON

Although it was only one of many species discovered in the past year, the carnivorous olinguito drew the most attention. This nocturnal cutie, related to the common raccoon, lived in the Amazon cloud forest. For years, this species had been confused with the common olinguito, perplexing zoo personnel when they refused to mate with others of seemingly their own kind. The Smithsonian's curator of mammals announced both anatomical and genetic evidence that marked it as a new species. The new breed had more appeal than another new species discovered in 2013: Australia's leaf-tailed gecko.

GOING GREEN THE ROOFTOP SOLAR INDUSTRY AGAIN GREW BY MORE THAN 40 PERCENT AS PEOPLE SOUGHT MORE ENVIRONMENTALLY-FRIENDLY ENERGY SOLUTIONS. THE OPTION TO LEASE AS WELL AS DECLINING SOLAR PANEL PRICES CONTRIBUTED TO THIS GROWTH. ENVIRONMENTALISTS UNDERTOOK ANOTHER BATTLE, FIGHTING TO BLOCK THE COMPLETION OF THE CONTROVERSIAL KEYSTONE PIPELINE THAT WOULD CARRY CRUDE OIL FROM ALBERTA, CANADA, TO REFINERIES IN NEBRASKA, ILLINOIS AND TEXAS. IN NOVEMBER, DOMESTIC OIL PRODUCTION OFFICIALLY PASSED IMPORTS FOR THE FIRST TIME IN NEARLY 20 YEARS.

TRENDS & TECHNOLOGY

FROM COLOR RUNS AND SHARING VIDEOS TO DELIVERY DRONES, NEW IDEAS PUSH THE LIMITS OF IMAGINATION AND INNOVATION

Started as an event to promote healthiness and happiness by bringing the community together to participate in the "Happiest 5k on the Planet," Color Runs experienced exponential growth again in 2013. Runners dressed in white got doused in neon-colored powders at every kilometer and each of the more than 170 events in 30+ countries in 2013 ended with a "Finish Festival," a post-race party with music, dancing and massive color throws designed to create even more vivid color combinations. Beginning in June, Instagram added the ability for users to shoot and share 15-second videos, enhanced by one of 13 special filters. The new video feature was released as a free update to the existing Instagram app. A delivery debacle "ruined holidays" coast to coast when demand for shipping of online purchases exceeded capacity and winter storms caused delays in major hubs nationwide. Considering other options, Amazon CEO Jeff Bezos told CBS News he expected a drone delivery system to be in place for unmanned aerial deliveries as soon as federal rules changed to allow such flights.

Facebook enabled users to search for conversation topics within status updates and posts with Graph Search, and launched clickable #hashtags. Plus, founder Mark Zuckerberg and crew acquired WhatsApp for \$16 billion to add mobile messaging capabilities.

NEW RELEASES Apple upped the game with colorful and metallic phones in the iOS 5 line as well as adding Retina display to all latest generation products. The Smarty Ring, a Bluetooth-enabled wearable gadget allowed users to check smartphone alerts and manage incoming calls right from their fingers. Users could manage the settings for their Smarty Rings from a mobile app, and use the device as a watch, timer or phone finder. **FITBIT & NIKE FUEL** Fitness tracking products that synched step counts, fuel burned and other data to users' phones or computers increased in popularity. **WEIGHTLESS PROJECT** This project was an effort to bridge the gap between obesity and hunger. By partnering with health and fitness brands, social organizations and philanthropic foundations, the project converted the calories burnt into funds, which were donated to programs for food relief and malnutrition.

WAR IN SYRIA

More than two years after the Arab Spring uprising began, the conflict in Syria continued to pit forces loyal to the Ba'ath government against those seeking to oust it. A chemical attack — the worst in 25 years — that killed hundreds and wounded thousands more in Damascus in August led to U.S. calls for military action against Syria, which denied responsibility and blamed rebel fighters for the deaths. Within weeks Russia, a long-time Syrian ally, presented a proposal to eliminate the regime's chemical weapons stockpile under international supervision and the White House backed off. While the U.N., the European Union, Arab League and the Organization of Islamic Cooperation scheduled a second round of peace talks in Geneva for February, the talks ended in a stalemate.

IRS SCANDAL

While the mission statement for the Internal Revenue Service pledges to “enforce the law with integrity and fairness to all,” controversy flared after a report revealed the agency's targeting for closer scrutiny of specific groups applying for tax exemptions, based on their names or political themes. Ultimately, lawmakers called for the resignations of three IRS commissioners, but no criminal charges were ever filed.

OBAMACARE (AFFORDABLE CARE ACT)

THE MOST SIGNIFICANT CHANGE IN HEALTH CARE IN DECADES

While the new plan was intended to put consumers back in charge of their health care, there was not consensus on the bill's effectiveness. Supporters contended that the “Patient's Bill of Rights” gave the public tools and choices they needed to make informed choices about their health. Detractors complained of technical issues, paperwork problems and higher-than-expected premiums.

POLITICAL WEAPONS STRUGGLES

CHINA AND NORTH KOREA FLEX THEIR MUSCLES

Growing tension between China, a rising maritime power, and the United States, the dominant naval power in the Pacific, nearly caused a collision between two carriers in December. The American vessel, which was traveling in international waters, maneuvered to avoid the Chinese ship which had intentionally crossed its bow. Satellite images from February showed that North Korea had expanded its main satellite launch site, apparently to accommodate larger rockets being developed for its intercontinental ballistic missile program. While actions suggested imminent nuclear attacks against South Korea, Japan and the United States by the new North Korean administration under Kim Jong-un, the government blamed tensions on military exercises carried out by the United States and South Korea.

STATE OF THE UNION

OBAMA: ‘THE REST OF MY PRESIDENCY IS FOR WORKING-CLASS AMERICA’

Action was the underlying theme of President Barack Obama's Jan. 28 State of the Union address. The president — whose popularity ratings had declined to 42 percent — outlined goals and priorities that included economic opportunity, energy and education, and called for more government support to help rebuild the nation's infrastructure in order to spur growth and create more employment opportunities.

50TH ANNIVERSARIES CROWDS VISITED THE NATIONAL MALL IN AUGUST FOR A WEEK OF ACTIVITIES COMMEMORATING 1963'S CIVIL RIGHTS MARCH ON WASHINGTON AND DR. MARTIN LUTHER KING, JR.'S "I HAVE A DREAM" SPEECH. JUST MONTHS LATER, PUBLICITY OVER THE ANNIVERSARY OF PRESIDENT JOHN F. KENNEDY'S ASSASSINATION CREATED RENEWED INTEREST. THEN, IN FEBRUARY, THE IMPACT OF THE BEATLES' FIRST APPEARANCE ON THE ED SULLIVAN SHOW WAS CELEBRATED.

around the world

HERO OR TRAITOR? Edward Snowden, a former CIA employee and National Security Agency (NSA) contractor, became known worldwide when he disclosed classified documents to the media. The leak fueled debates over mass surveillance, government secrecy and the balance between national security and privacy. **CONTROVERSIAL TRIAL** Protests erupted when a jury found neighborhood watch participant George Zimmerman not guilty in the death of Florida teenager Trayvon Martin. **SCHOOL LUNCH POISONING** At least 23 students died and dozens more fell ill at a village primary school in eastern India after eating contaminated free lunches. Angered by the incident, villagers took to the streets in protest. **HE'S THE MAN** Just one year into his papacy, Pope Francis was named *Time* magazine's 2013 'Person of the Year.' His acts of humility, simple lifestyle and welcoming ways quickly improved the Catholic Church's image. **EGYPTIAN OUSTER** Protests raged for months after the overthrow of Egyptian president Mohammed Morsi. The Islamist leader contended that he remained Egypt's legitimate president because there had been no official decree removing

him from office. **A FRESH START** The city of Detroit officially became the largest municipality in U.S. history to enter Chapter 9 bankruptcy when a judge ruled the city insolvent. The decision allowed the city to negotiate as it attempted to eliminate \$18 billion in debt. **FREE AT LAST** In a step aimed at "resuming the diplomatic process," Israel released 26 Palestinian prisoners in a gesture of good will between the two sides, days before a visit to the region by U.S. Secretary of State John Kerry. **RANA PLAZA COLLAPSE** An eight-story commercial building collapsed in Bangladesh in April, 2013 killing 1,129 and injuring 2,515 in the deadliest accidental structural failure in modern history. **MERGER UNDERWAY** The world's largest airline was created in December 2013 when U.S. Airways and American Airlines joined forces. **UKRAINIAN PROTESTS** Ongoing political unrest intensified when the world spotlight was on nearby Sochi, escalating to violence and leading to dozens of deaths. **MORE FREEDOM TO MARRY** In addition to a Supreme Court decision ruling sections of the Defense of Marriage Act unconstitutional, eight more states legalized same sex marriage, bringing the total to 17.

New titles like *This Is What Happy Looks Like* by Jennifer E. Smith, *Eleanor & Park* by Rainbow Rowell, *This Song Will Save Your Life* by Leila Sales and *The Beginning of Everything* by Robyn Schneider were favorites.

ATHLETES FOR ANIMALS After Sochi's abundant population of stray dogs made world headlines, plans were put into action for the rescue, adoption and care of many. **SPARTAN HOTELS AND BATHROOMS** Visitors were unhappy with issues of comfort, safety and cleanliness. **UNIFORMLY DISAPPOINTED** When success eluded the favored U.S. speedskating team, members rejected their new "Mach 39" uniforms produced by Under Armour in cooperation with defense contractor Lockheed Martin and reverted to apparel worn in previous competitions. **TECHNICAL GLITCH** Russian organizers made a light-hearted joke at their own expense during the closing ceremony by referring back to the opening ceremony when one of the five Olympic rings failed to appear.

Meryl Davis and Charlie White won gold in ice dancing, besting their Canadian training partners Tessa Virtue and Scott Moir by just 4.53. Mikaela Shiffrin, 18, won gold in women's skiing slalom to become the youngest Olympic alpine champion ever.

CANADIAN COMEBACK A disappointed U.S. team wears their silver medals, following a 3-2 overtime loss to Canada in women's hockey. **TEAM CANADA** Players celebrate their second consecutive gold medal, after beating Sweden 3-0 in the finals. **13 MEDALS** Norway's Ole Einar Bjoerndalen, 40, added golds in a pair of biathlon events in Sochi and set a record becoming the most decorated Winter Olympian in history. **U.S. MEN SWEEP SKI SLOPESTYLE** United States' Gus Kenworthy, Joss Christensen and Nicholas Goepper took all three medals in the debut of freestyle men's ski slopestyle at the games. It was the first American Winter Games sweep since 2002. **DUTCH DOMINATION** The Netherlands took home a staggering eight gold medals — and 23 medals overall — in 12 speedskating events. The Polish and Russian teams were next most successful, earning three medals each. **JUDGING QUESTIONED** When Adelina Sotnikova — whose routine was regarded as having been slightly inferior to that of South Korean runner-up Yuna Kim, won the gold — many questioned the impartiality of the judges.

KEEPING BOSTON STRONG

THE BOSTON MARATHON — AN ICONIC RITE OF SPRING — FALLS VICTIM TO A TERRORIST ATTACK BUT THE CITY UNIFIES IN A SHOW OF STRENGTH

Since 1897, runners had gathered on the third Monday in April to run the Boston Marathon, which ended in the city's center. But 2013's race was different. Chechnen immigrants Tamerlan and Dzhokhar Tsarnaev, ages 26 and 19 respectively, set off a pair of bombs made in pressure cookers packed with ball bearings and nails, killing three and injuring 260. Within days, the elder died in a shootout with police and his brother was captured when he was discovered hiding in a boat stored in a backyard. The surviving brother said the duo had hatched the plot as retribution for civilian deaths in Iraq and Afghanistan as a result of the U.S. conflict there. Residents of Boston and others worldwide banded together to be strong in a time of chaos and to raise funds to aid the victims. One Fund, the charity formed to benefit victims, provided more than \$70 million in aid. The Boston Marathon — and the city itself — were about courage and resilience and community.

Prince George of Cambridge, born on July 22, was Queen Elizabeth's first great-grandson. His birth marked only the second time in history that three generations of direct heirs to the British throne had been alive at one time. Thanks to an elaborate project by the Make-A-Wish Foundation, 5-year-old Miles Scott, whose leukemia was in remission, had a chance to fight crime around San Francisco — which had been transformed into Gotham City for a day — in November.

NELSON MANDELA

HAILED AS A TIRELESS FIGHTER FOR RACIAL EQUALITY,
HE RECEIVED MORE THAN 250 AWARDS DURING HIS LIFETIME

Nelson Rolihlahla Mandela, born in a small village in South Africa on July 18, 1918, fought against apartheid and injustice until his death on December 5, 2013. He became involved in the anti-apartheid movement in his 20s and spent 20 years directing acts of defiance against the South African government. In the early 1960s he spent five years in prison for organizing a three-day workers' strike and two years later was sentenced to life for political offenses. He served 27 years and contracted tuberculosis during his incarceration. He shared the Nobel Peace Prize with President F. W. deKlerk in 1993 and was elected South Africa's first black president the following year, serving for five years. He retired from public life in 2004 but continued to promote humanitarian efforts throughout the world.

RIGHTING THE COSTA CONCORDIA The cruise ship hit a reef off Italy in January 2012, capsizing and claiming 32 lives. After 18 hours and preparation by 500 engineers and divers, the ship was righted in September 2013 so it could be dismantled and scrapped. **SAN FRANCISCO PLANE CRASH** An Asiana flight from South Korea hit the seawall short of the runway at San Francisco International Airport in July, shearing off the landing gear and tail section of the Boeing 777. Two of the 307 passengers died at the scene, one having been run over by a fire truck. Another passenger died later and 181 suffered injuries.

NYC DERAILMENT A Bronx commuter train jumped the tracks after traveling nearly three times the posted speed limit into a curve. All seven coaches and the locomotive came off the tracks, killing four of the 150 passengers. The engineer admitted to nodding off before the crash. **DEADLY TRAIN DISASTER** Canada's worst railway catastrophe in nearly 150 years left 47 people dead when a runaway oil tanker train derailed and exploded in Lac-Mégantic, a resort town of 6,000 near the U.S. border. The resulting fire burned for more than 36 hours, damaging 30 buildings and forcing thousands to evacuate their homes.

SCHOOL VIOLENCE

Gun violence continued to plague schools. In June, six people, including the shooter, died when 23-year-old John Zawahri opened fire in the library at Santa Monica College. He had also killed his father and brother at their home. In October, 12-year-old Jose Reyes shot a teacher at Sparks Middle School in Nevada before turning the gun on himself. A month later in Colorado, Karl Pierson shot and killed Arapahoe High School classmate Claire Davis and then shot himself. He was looking for a faculty member who had angered him. In the midst of these tragedies, people took comfort in the story of Antoinette Tuff, the bookkeeper at a Georgia school. When a gunman stormed the building, she talked him into surrendering by telling him stories of her own life trials.

GUN CONTROL

In the aftermath of numerous mass shootings, the president called on lawmakers to take action to reduce gun violence. The effort met stiff resistance from the National Rifle Association and other groups. A proposed bill expanding background checks for all firearms purchases stalled in the Senate in April when supporters came up six votes short of the 60 needed.
